

Class of '61 – Reunion

May 2011 – Bulletin 01

It does not seem possible, but, yes: fifty years have passed since the "Class of '61" completed their schooling at Selborne College.

Whichever view we take, fifty years is a long time in our lives. We have pursued diverse careers; have had our share of success and failure; have seen many political and technology changes; have raised families; some of us have unfortunately passed on.

It is only appropriate that we should celebrate the occasion by trying to get as many of the "Class of '61" together for Founders Day on the **21st of October 2011**. To this end we have formed a small committee, the members of which can be seen in the header of this email.

We want this occasion to be special for all "Class of '61" members. Although we would be striving to get all available members to attend the reunion, we realise it will not be possible. We would, however, plan to include non-attendees by way of electronic communication of the planning of the event and feedback of the event itself.

You have the date of Founders Day so can begin your planning. We will be giving you details of "Class of '61" events surrounding this day in future communications. At this stage we want your help to track down "Class of '61" members who we wish to locate. We have found some 50 of the 80 members and we have attached a spreadsheet reflecting **only those** we are still looking for. What we want is a current email address and, if available, a cell/landline number so that we can make initial contact with them. We look forward to hearing from you. In addition, if you could confirm by return email your **cell/landline number** it would be appreciated.

Werner Illgner will be responsible for co-ordinating communications and we would request that you send your responses to him.

Let's work together to make this a truly memorable 50th reunion – after all, it's the only one we will ever have!

Kind regards

Werner Illgner (on behalf of the organising committee)
