

# Class of '61 – Reunion

December 2015 – Bulletin 28

The Reunion is over but the memories linger on .....

Just a quick update on **Roger Webber**.....

Lyn and I visited Roger late this morning and he seemed in good spirits. He looked much more comfortable and his daughter, Bridget, was by his side. He had had a good night and slept for some 12 hours, so was well rested.

He said that he had been inundated with visitors and phone calls and I think even though he appreciated the concern of so many friends and family, it was a bit wearing for him. In my last communication I suggested that you give him a few more days of recovery time before giving him a call on 083 2540258 - I believe he would prefer a break of 3 to 4 weeks to allow him to focus on moving back to Durban and kick starting his rehabilitation process. I agreed with him that I would act as the conduit to keep you all informed on his progress.

In the interim Roger thanks you all for your messages of concern and wishes for a speedy recovery. He remains adamant that he will be with us at the October 2016 Reunion.

Kind regards,

**Werner Illgner** (on behalf of the 2016 Organising Committee)
