Just a quick update on **Roger Webber**.....

Roger travelled by ambulance for nine hours from East London to Durban on Friday the 18th of December. The journey appeared to be uneventful but there were some hassles in checking him into Entabeni Hospital and the usual flood of paperwork with the medical aid etc. Anyway he is back in Durban and has his friends and family with him.

This is the latest update from Roger's son, Greg Webber:

"Seeing dad each day now. He is still in the neuro ward at Entabeni but we are working towards getting him into the rehab facility. Improvement every time we see him. I read him the messages and he appreciates the support and love. Keep them coming. His hands are opening up and he is able to lift his head more."

Roger thanks you all for your messages of concern and wishes for a speedy recovery. He is in good spirits and is eager to start the rehabilitation process as soon as possible. He remains adamant that he will be with us at the October 2016 Reunion.

We wish you all a fantastic festive season and a most prosperous 2016.

Kind regards,

Werner Illgner (on behalf of the 2016 Organising Committee)
